

## **EDUCATION**

Riverdale Senior High School - Fort Myers, Florida  
Class of 1987

## **MILITARY SERVICE**

United States Army, 1987 to 1991  
Sergeant / Special Electronics Device Repair

## **CERTIFICATIONS**

- American Concrete Institute (ACI) – Level 1 Concrete Testing Technician
- Nuclear Density Gauge Usage and Safety
- Florida Concrete & Products Association Structural Masonry Inspector
- International Code Council – Registered Building Inspector

## **PROFESSIONAL EXPERIENCE**

Mr. Anderson has over 17 years of experience in the construction materials testing and inspection fields in southwest Florida. Mr. Anderson serves as Construction Materials Services Manager. In that capacity he supervises and coordinates the testing and inspection of soils, concrete, aggregates, masonry, structural steel, welds, bolt tensioning, fireproofing, stucco, post-tensioned concrete monitoring, and asphalt placement.

Mr. Anderson is also registered as a Building Inspector by the International Code Council (ICC). He has served as Threshold Inspector Representative for numerous projects throughout southwest Florida, including structures with post-tensioned concrete, reinforced concrete masonry, reinforced concrete, pre-cast concrete, wood-frame, and structural steel systems.

Mr. Anderson is an expert in local development codes and has supervised the testing on numerous subdivisions and golf communities in the area. He also performs and supervises specialty assignments such as driven or augered cast-in-place pile monitoring, vibro-replacement monitoring, pile load test monitoring, and vibration monitoring/control for rock blasting operations.
